

LED PAR SERIES: THE CLASSIC PAR30 • PAR38

The Classic PAR30 and PAR38 Flood

- Full range dimming capabilities

## THE CLASSIC PAR 30 & 38

Are you looking for a Par Bulb that looks as good as it performs? "The Classic" Par series is your answer. Aside from LED Optics reputation for superior quality, this Par series has it all. "The Classic" offers full range dimming capabilities and offers industry leading "light output" and "quality of light". It is far superior to anything in it's class. "The Classic" series has superior heat dissipation compared to all others tested. If you are looking for the latest in technology, while remaining true to your fondness of the past, "The Classic" series has no equal!

*For those that demand the best... nothing else comes close!*

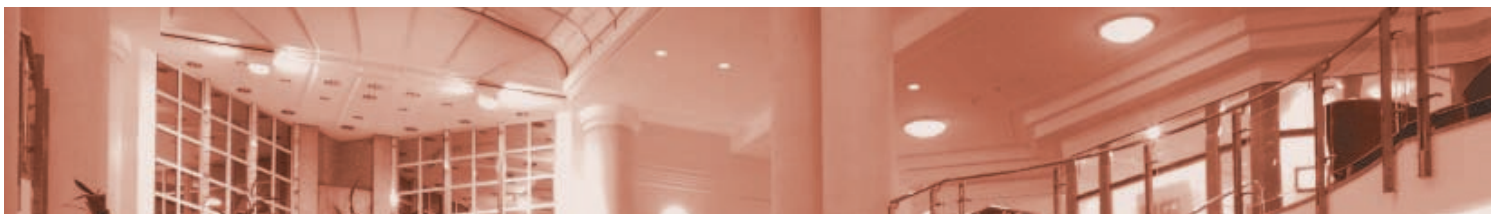

### FEATURES

- Aluminum heat sink with LED "Heat Shrink" Technology\*
- LED "Spread of Light" Optical Diffusion Technology\*
- Full range dimming capabilities
- No Mercury
- No UV or RF Interference
- Stable voltage operation
- High Shock & Vibration Resistant
- 65%+ Energy Savings on your utility bill
- No flickering & no noise
- High stability with low ripple improves Par bulb's efficiency

*\*Patent Pending*

### BENEFITS

- Strict Quality Control that is unparalleled
- Built to protect against Overload and Current fluctuations
- Passed rigorous factory Temperature, Humidity and Shock Testing
- Heat dissipation that puts other Par bulbs to shame
- Additional HVAC savings as you are eliminating the heat from your typical incandescent/halogen bulbs.
- Intelligent power control with high conversion efficiency
- Wide voltage design which makes it universal in all countries
- Exceeds FCC and CEC testing standards

## PAR SPECIFICATIONS

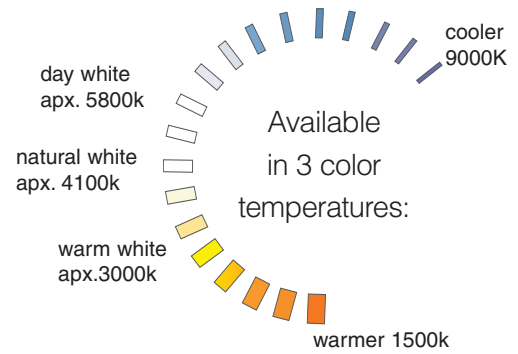

Working Voltage: AC 120V

Base: E26 / E27

Available Sizes: PAR 30 & PAR 38

Life Expectancy: 60,000 hours+

Ambient Temperature: -4° F to 113° F

## THE CLASSIC PAR 30 9 WATT DIMMABLE MODEL: LEDOP-PAR30C-10-DW (WW, NW)

- Full range dimming capability
- Uses Cree latest generation LED's
- Replaces: 50 - 60 watt incandescent / halogen bulb

## THE CLASSIC PAR 38 12 WATT DIMMABLE MODEL: LEDOP-PAR38C-12-DW (WW, NW)

- Full range dimming capability
- Uses Cree latest generation LED's
- Replaces: 75 - 90 watt incandescent / halogen bulb

## PACKING / SHIPPING INFORMATION

Product	Model #	Qty. per Box	Dimension (inches)	Gross Weight (lbs.)
PAR30C-10	LEDOP-PAR30C-10	50	21.3 x 9.4 x 9.4	37.14
PAR38C-12	LEDOP-PAR38C-12	20	27.5 x 11.8 x 11.8	29.76
