

LEDOP-6-60

The LED Optics LED Incandescent Replacement Bulb is the best “replacing a light bulb” solution available today! It offers industry leading “light output” and “quality of light.” It is far superior to any other LED Incandescent Replacement Bulb that we have tested in our labs. When it comes to powerful light output, the LED Optics LEDOP-6-60 is truly the leader in its class. As with all LED Optics products, the LED Incandescent Replacement Bulb has superior heat dissipation to all others tested. If you have been searching the market, not wanting to mess around with mediocrity, you have found what you’ve been looking for.

*For those that demand the best...
nothing else comes close!*

FEATURES

- Aluminum heat sink with LED “Heat Shrink” Technology*
- LED “Spread of Light” Optical Diffusion Technology*
- LED “Transformer Guard” Technology*
- No Mercury
- No UV or RF Interference
- Wide voltage operation (85v ~ 265v)
- High Shock & Vibration Resistant
- 90%+ Energy Savings on your utility bill
- No flickering & no noise
- High stability with low ripple improves LED Incandescent bulbs light efficiency

**Patent Pending*

BENEFITS

- Strict Quality Control that is unparalleled
- Protection against Overload and Current fluctuations
- Passed rigorous factory Temperature, Humidity and Shock Testing
- Heat dissipation that puts other LED Incandescent Replacement Bulbs to shame
- Additional HVAC savings as you are eliminating the heat from your typical incandescent.
- Intelligent power control with high conversion efficiency
- Wide voltage design makes it universal in all countries
- Exceeds FEC and CEC testing standards

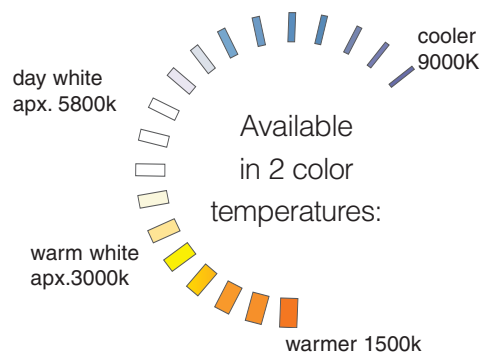

LED INCANDESCENT REPLACEMENT BULB

LEDOP-6-60 SPECIFICATIONS

Length: 4.81 inches
Diameter: 2.81 inches
Available Bases: E26 / E27
Life Expectancy: 60,000 hours +
Ambient Temperature: -4° F to 113° F
Uses 5 Cree latest generation 1.2 watt LED's
Replaces 60-75 watt halogen bulb

PACKING / SHIPPING INFORMATION

Product	Model #	Qty. per box	Dimension (inches)	Gross Weight (lbs.)
LEDOP-6-60	LEDOP-6-60-DW (WW)	50	15.7 x 15.7 x 11	28.35

Thinking Green isn't just an option, it's a necessity.
